C++, Java, Python, HTML, CSS, Javascript, Mysql, JQuery, MongoDB, Node.js, Express.js, React.js

Experience

XOME LIFE SCIENCES

FULL STACK DEVELOPER • Bengaluru, Karnataka

02/2022 - 06/2022

I worked as a Full Stack Web Developer. The main project was to build a successful website with all the modules such as authentication, databases, ecommerce place, security and admin use.

- Created and maintained clear, concise project plans and developed strategies to meet deadlines. Write efficient, maintainable and reusable code prioritizing privacy and security
- Added e-commerce functionality to existing applications

The Sparks Foundation

Web Developer Intern • Vellore, Tamil Nadu

07/2021 - 08/2021

- Designed and coded a basic banking website which would show all the transactions done by the users as well as allow users to send money from their account to any other recipient.
- Completed web development tasks assigned to me within the stipulated time and uploaded following proper instruction.

WebMobi

Web Developer Intern • Vellore, Tamil Nadu

01/2021 - 02/2021

- Had to work with JavaScript and develop a showcase website which the users can access and display their products and their offers.
 - Worked in a team and had to mainly debug the code for errors and also worked on frontend part with some senior members of the company.
-
